To Whom It May Concern:

This letter shall confirm that we have been dealing with Pro Cut Landscaping and Snowlogic for over ten years. We have over ten commercial properties which they handle all of the yearly lawn and snow maintenance.

We are very confident in their service, they are very quick to respond to any emergencies and their crew is very efficient and professional. They have a twenty-four hour hot line, next morning reports, specialized snow equipment and on site salt dome. Snowlogic in our opinion is a very professional well equipped snow removal company.

Our company has many diverse tenants which include facilities with twenty four hour operations retail centers, large warehouse parking lots and multi tower condominium complexes, having said that Snowlogic and Pro Cut face many challenges but have always ensured a very professional well equipped snow and landscape company.

We would highly recommend their services without a doubt. Our properties are always very clean and well maintained.

Should you need any further information please feel free to contact our office directly at 905-799-3979.

Thank You,
